# Business Management System

The Mine Land Rehabilitation Authority, (MLRA), has developed a Business Management System that details its policies, processes, and procedures. Commonly referred to as the BMS, it explains the way in which the MLRA manages the interrelated parts of its organisation so that it can achieve its objectives in a consistent, sustainable, and continually improving manner.

Mine Land Rehabilitation Authority
Business Management System

inputs		outputs
Legal & Other Requirements	MLRA STRATEGY	Engagement
Community & Traditional Owners	BMS MANUAL	Monitoring, Maintaining and Rehabilitation
Stakeholders	PROCEDURES	Monitoring & Evaluation Framework, MEF
Industry	RECORDS	Other Duties

The BMS has been prepared with rigorous evaluation of the MLRA's legal and other requirements, and careful consideration of the needs and expectations of the Victorian community and Traditional Owners, and the requirements of government, industry, public sector bodies, and other relevant stakeholders.

Contact the Mine Land Rehabilitation Authority to find out more about its Business Management System and its activities in Mine Rehabilitation.
